Co-funded by the European Union

CLIMATE AMBASSADORS

JOIN THE MOVEMENT IN CLIMATE READINESS

ABOUT THE PROJECT

Climate Ambassadors is a multi-disciplinary educational project that goes beyond theory by equipping university students with advanced technologies and skills to understand, anticipate, and respond to climate-related crises.

The program builds:

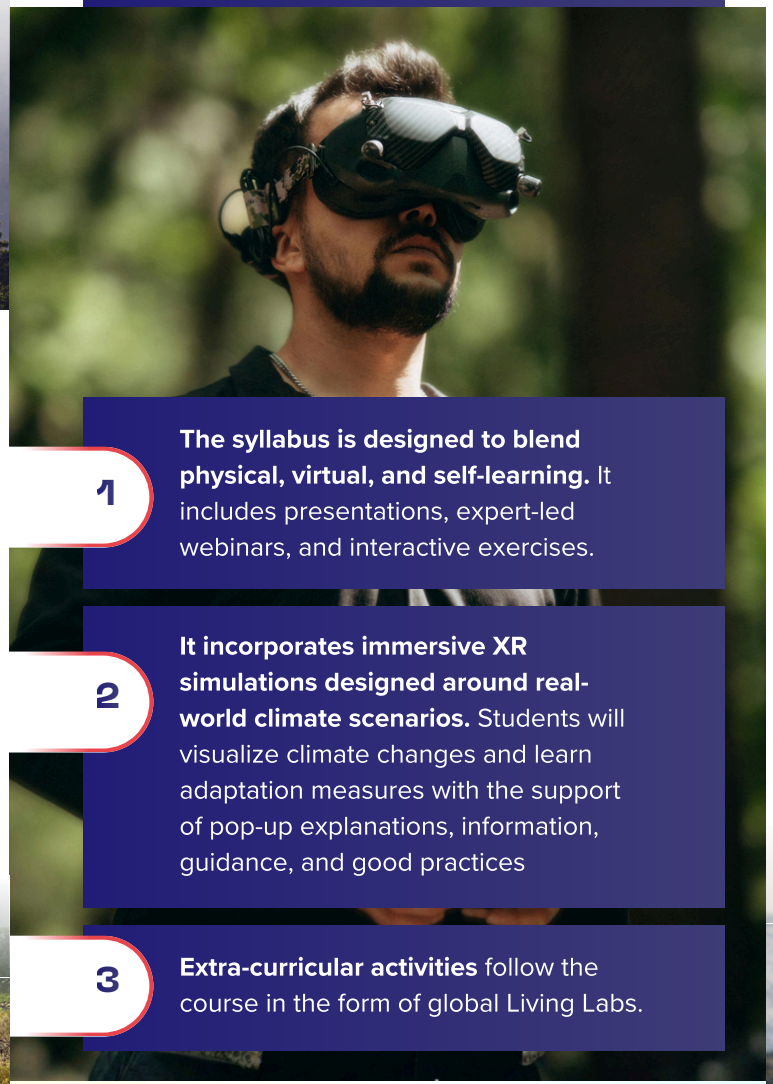
- **Problem-solving**
- **Digital literacy**
- **Collaboration**
- **Community engagement**

LEARN MORE ↗

WHAT IT DOES

Climate Ambassadors boosts **digital** and **green** skills while encouraging civic engagement and fostering practical learning.

How?



1. **The syllabus is designed to blend physical, virtual, and self-learning.** It includes presentations, expert-led webinars, and interactive exercises.

2. **It incorporates immersive XR simulations designed around real-world climate scenarios.** Students will visualize climate changes and learn adaptation measures with the support of pop-up explanations, information, guidance, and good practices

3. **Extra-curricular activities** follow the course in the form of global Living Labs.
